Yours sincerely  
David Schueler

P.S I would like to express my thanks for all the hard work put in by members of the Community Partnership over the last two and a half years. The partnership has made steady progress and achieved some notable successes. It is now time to progress to higher levels of project and this will require new ways of working. I wish the partnership all success in this. Finally may I say how much I have appreciated the support given to me during my period as chairman.
