

The **Swingmatic Eo** is a robust and compact electric door opener ideal for those that are wheelchair bound or need assistance with heavy doors. The Eo is easy to fit, simple to set up and can be fitted onto a range of doors up to 1200mm wide and weighing 120kgs. The Eo requires a 13amp socket or spur nearby and is fitted with remote control as standard though other actuators such as push-buttons, microwave detectors or card readers can be used.

- Intelligent electronic controls
- Manual access in event of power failure
- Safety protection against over heating, current overload & obstacle encounters
- Adjustable articulated operating arm or sliding arm & track
- Remote control as standard
- Wide Choice of Actuators – eg pushbuttons, Microwave detectors, Card readers etc.
- Electric lock interface
- Fire alarm interface
- Door Leaf – width 1200mm weight 120kgs
- Suitable for single & double door leaves
- Finish – silver
- CE Approved
