ServiceTec

World Class Support for IT Systems at Airports

IT Projects for Airports

Partner with a world class airport IT expert to minimise delays, disruption and upheaval, and protect your reputation and your revenue:

> **We ensure IT projects are completed on-time, to-budget and with minimum disruption to operations**

> **We assist with every part of any IT project, including management of the people, assets , objectives, ITIL & PRINCE2 methodology conformance, deadlines and more**

> **Everything from simple IMACs (Install, Move, Add, Change) to the complete set up of multiple airport terminals**

> **Our IT experts have an in-depth knowledge of the unique IT challenges faced by airports**

> **We have an enviable reputation for delivering major IT projects at the world's busiest airports**

Delivering IT Projects at Airports

Our experts help the world's largest and busiest airports to manage their IT, safeguard their reputation & protect their revenue.

> **Expert Project Management:**
> Our IT project team helps to manage the people and assets involved in any project along with the objectives, ITIL & PRINCE2 conformance, the project lifecycle, deadlines and much more

> **Knowledge:**
> With highly trained and certified IT consultants, technicians and project managers and an in-depth knowledge of the specific and unique issues faced by airports throughout the world, our teams are ready and able to deliver your airport's next IT project

> **Connections:**
> Our unrivalled relationships with the world's leading specialist hardware manufacturers reinforces our position as the ideal IT project partner for airports

A History of Success

ServiceTec has an enviable reputation in the IT project management arena, with years of experience specialising specifically in airport IT we have successfully managed numerous major IT projects at many of the world's busiest airports including **London Heathrow (LHR), San Francisco International (SFO), Amsterdam Airport Schiphol (AMS) and Minneapolis–Saint Paul International (MSP).**

Not just IT Projects

ServiceTec also helps airports to manage their IT, safeguard their reputation and protect their revenue via:
