

Heavy Body Artist Colour, previously referred to as High Viscosity, has a thick consistency for traditional art techniques using brushes or knives, as well as for experimental, mixed media, collage and printmaking applications. Impasto applications retain crisp brush stroke and knife marks. Good surface drag provides excellent handling and blending characteristics with increased open-working time. High pigment load produces rich, brilliant, permanent color.

- 100 Professional Color Spectrum
- Exceptionally smooth, thick buttery consistency
- Retains brush strokes and palette knife marks
- Great for thick/impasto applications and painting techniques
- Flexible when dry; thick films remain free of cracks and chips
