

KARTING *for* HEROES.com

£7748 raised last year, for 2011 we want to raise **£10,000+**

MORE SPEED & MORE GRIP FOR K4H2

Buckmore Park have recently taken delivery of their new fleet of karts which are proving to be a sound investment for increased on track excitement with lap records falling and average speeds rising even before the engines are run in. "The new karts arrived this month and have been very well received by those who have tried them so far. The biggest complaint now is that they are so well matched that you can't pull away from your mates up the straight! Every few days we are seeing the lap record broken again — it currently stands at 48.630" Should make for a very interesting and entertaining 3 hours in May.
