### 2011 Karting Notes #83

#### Direction of travel:

Driving should be continued in the same direction as the way in which the race was started. Any other direction of travel may and probably will lead to an 'incident'.

#### New Circuit:

The current Buckmore brochure has a picture of the proposed new circuit. Please note this is an artist's impression and not the actual circuit. Learning the twists and turns from this will also lead to an 'incident'.

#### Marshalls:

To combat some drivers flouting the track rules and seeing how flexible the pre race brief was, marshalls have now been issued with tasers. This will make for a smoother running race with punishments issued as the drivers pass a marshall rather than having to come into the pits.

*NB-Karting Notes are intended as a guide only and may not be 100% accurate or legally binding in a court of law.*

**IMPORTANT NOTICE FOR NON KARTERS:** Surprisingly the idea of watching karts race around a track for 3 hrs doesn't appeal to everyone. They may even be looking at ways in which they could get out of being there. We have thought this through and have solutions to keep everyone happy - for the discerning shopper there is Bluewater- shoppers heaven (20 mins away), Chatham Dockyard, Chatham Shopping Outlets & for Youngsters, Dickens World (all 15 mins away). No excuse now!
