

Goji powder

Goji powder enables you to take the benefits of dried Goji berries in the more concentrated form of freeze dried powder form which is more convenient for many users.

While maintaining the benefits of the dried fruit the Goji powder has a high content of carotenoids - powerful antioxidants eg. beta carotene, is high in vitamins A, C, B2, E & minerals. It is also has 18 amino acids, including the 8 essential ones.

Our product is 100% natural Goji berry powder.
