

Information to Language Schools and Student Group Leaders 2013

Sussex Voyages

Exhilarating, fascinating and fun for all the family

Sussex Voyages

The most memorable way to experience the Sussex Coast

Sussex Voyages is a family run business offering a variety of pleasure boat trips from Sovereign Harbour Marina, in Eastbourne, East Sussex.

We are the only boat trips in Sussex that are recognised as a Quality Visitors Attraction by Visit England; this annual assessment means that we offer the highest standard possible as an attraction.

We offer a variety of sailing options, from trips to Beachy Head or the Royal Sovereign Light Tower where our expert guides relate to you the amazing history of the coast and its lighthouses, to our very popular Powerboat Adventure which is a higher speed voyage around the bay.

Within easy travel distance of Brighton, Hastings and of course Eastbourne, we have operated for the last 5 years from Sovereign Harbour marina, working with big and small Language Schools and groups to give memorable voyages to thousands of students.

“We have worked with big and small language schools and student groups for over 5 years - and have given memorable voyages to thousands of students.”

Sovereign Harbour is an excellent location to join our boat trips as the marina is one of the most scenic ones on the south coast of the UK with its Mediterranean atmosphere of waterside restaurants and cafes and many boats.

Our boarding pontoon is conveniently located on the lower quay side outside the restaurants, and “The Waterfront” is located in easy walking distance of an out of town shopping area with a variety of well know shops, a cinema and other leisure facilities.

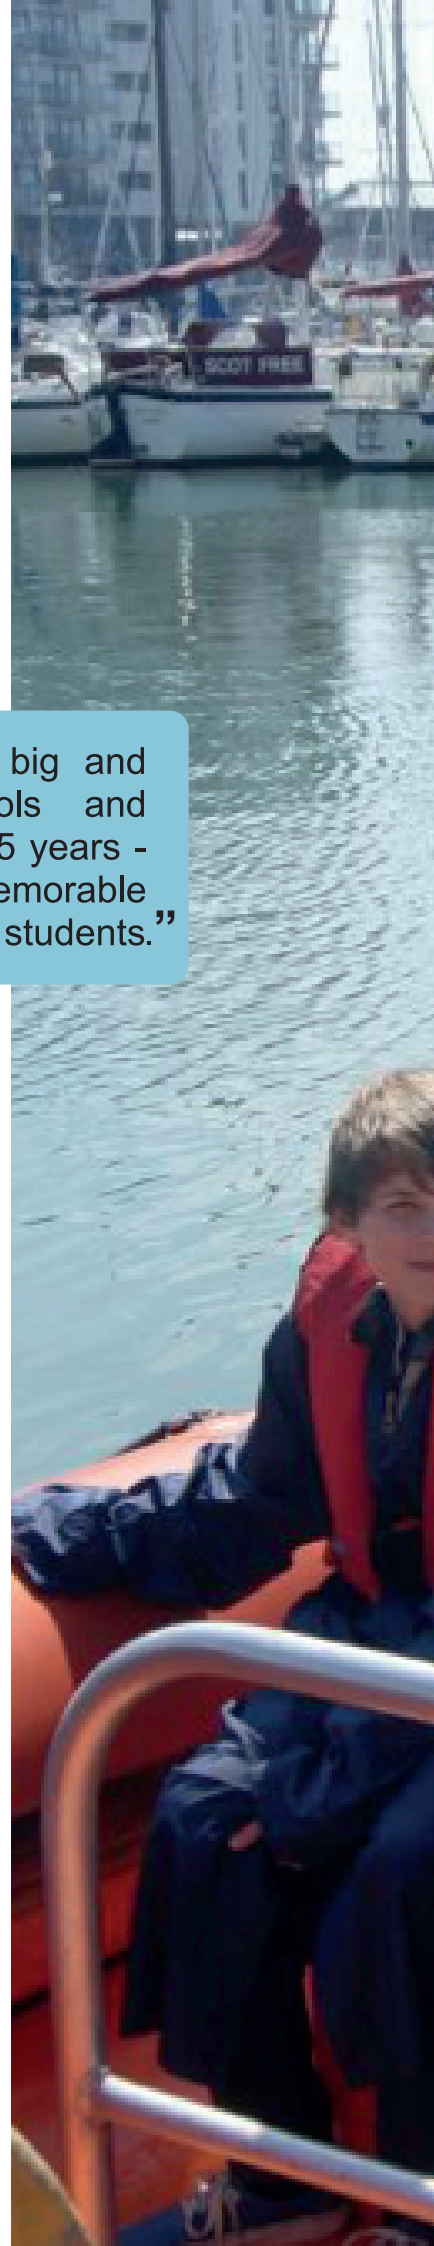

Within easy travel distance of Brighton, Hastings and Eastbourne itself, our private boat charters specifically for language student groups offer a memorable boat trip suited to younger people that they will remember beyond their stay in the U.K.

As a professional company safety is our priority, as such all passengers are fitted with life jackets and our crew ensure these are properly adjusted for the size of the individual. We also supply waterproofs should the conditions require them.

Our boat is a 10 metre Rigid Hulled Inflatable Boat (often referred to as a RIB) these boats are very stable and are ideal of the waters around the UK coast.

We pride ourselves that we carry safety and navigational equipment well in excess of what is required by law.

Our Ships Masters, who skipper our boat are all highly trained and have many years experience navigating the waters of the English Channel.

Powerboat Adventures for Student

Exhilarating, fun and suitable for all ages.

As student groups are normally quite large we have developed our Powerboat Adventure around their desires - this 25 minute voyage around the bay is our faster voyage (compared with our guided boat trips) and features twists and turns that young people enjoy, and is long enough to keep them interested, and wanting to come back for more.

We have the ability and experience to run these trips back to back for multiple groups.

With multiple groups we are able to operate this trip once per hour, which gives enough

time for the groups arrival, fitting of life jackets, the safety brief and time at the end to swap over to the next group.

- Risk Assessments available on request
- No charge if weather stops us sailing
- Morning courtesy call included
- Life jackets fitted by our experienced crew
- Waterproofs included at no extra cost

Importantly we have also priced this voyage at an affordable price for students of just £7.50 per person based on a 12 person private charter. For comparison we offer this same voyage to the public at a price of £18 per person.

Booking a Boat Trip with Sussex Voyages

Ease of Booking is as important as the trip itself

We know that student groups take a lot of managing, group organisers have found in the past that we are very easy to talk to, to assist in your booking.

To book, just telephone our booking office direct on 01293 888780, we will tell you the availability for your day (we can normally fit most groups in, even at short notice).

Once booked we will contact you on the day to confirm the expected arrival time and to update you on the sea conditions. Should we not be able to sail due to the weather we do not charge and we can easily rebook you onto another convenient day.

Booking Telephone : 01293 888780

What the students say

Feedback is very important to us

At the end of each voyage we offer passengers the chance to write comments, good or bad in our on-board comments book.

Below is a sample of what students say about our Powerboat Adventure.

“It was really amazing, Very funny I really liked it”

Robert (Germany)

“Very Cool, exciting & fast”

Nina (Russia)

“This boat trip has been fantastic”

Pedro (Spain)

“Better than McDonalds”

Ramona (Italy)

Getting to us

The Waterfront, Sovereign Harbour Marina, Eastbourne. BN23 5UZ

Sovereign Harbour is located to the east of Eastbourne pier on the A259 Pevensey Bay road.

There is a large free car park, and the marina has excellent bus links to Brighton and Hastings.

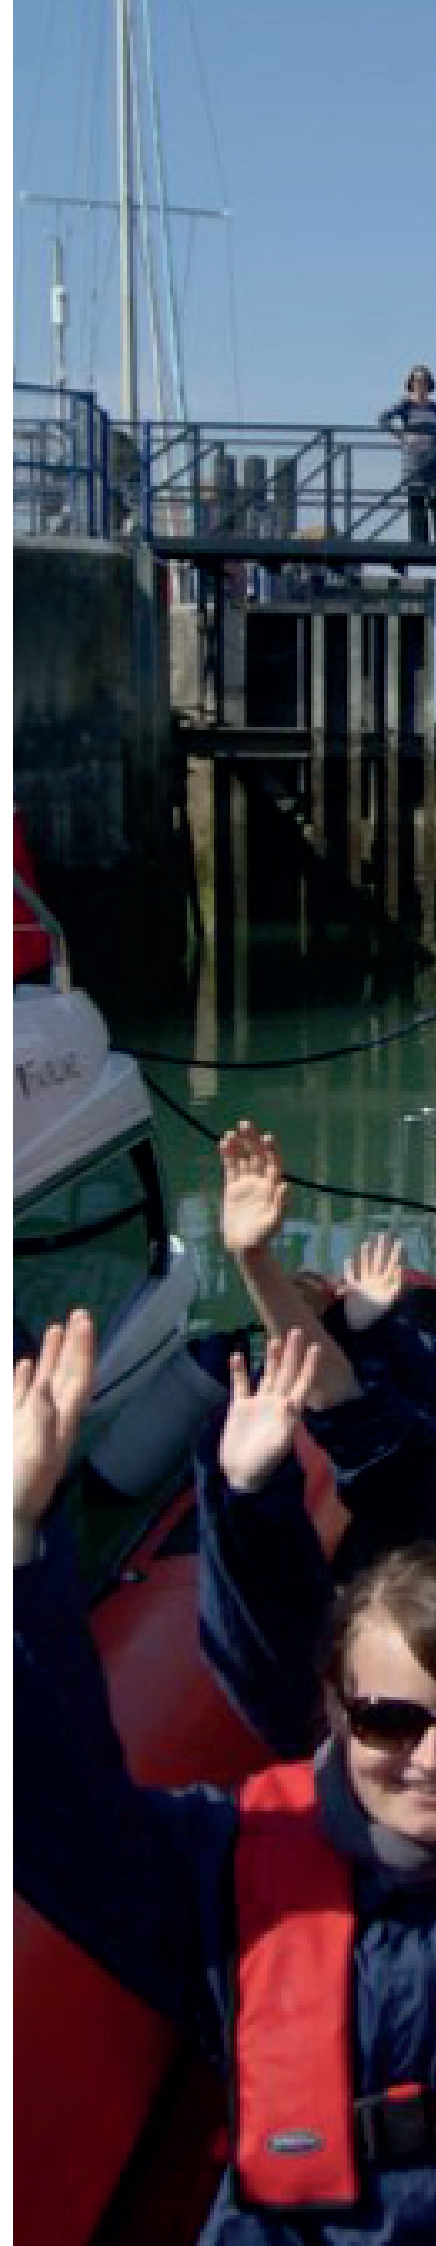

Regular trains from Brighton, Hastings and London stop at Eastbourne and from the station you can take the bus to the marina, or if you fancy some sightseeing why not walk to us along the magnificent seafront.
